Professional Networking – grow your career

We are very pleased to welcome ERGO as our new central partner of actupool! In our interview with Dr Rasmus Schlömer, Head of Department in Risk Management at ERGO we talk about the new partnership and take a look at the professional activities and the changing demands being made of actuaries. The three other articles in this issue deal with the topic of professional networking. JCW offers valuable tips and the benefits of successful networking in its article "Why networking is great for your career." Adriano de Matteis, Managing Director, Italy at RGA, reports how he approached the topic of networking in digital times through the coronavirus pandemic. Our fourth article is about the often-underestimated opportunity of networking at digital conferences. A global online conference for actuaries will be CONVENTION A, which not only allows all actuaries to participate, but also offers great opportunities for networking and sharing knowledge.
