

## Greetings

Welcome to the November careers edition of actunews – the special interest newsletter for the actuarial profession. In addition to four articles on our focus topic "My life as an actuary", this newsletter features recent job adverts posted on actupool and inspiring video recommendations from our partner platform actuvue.

We want to make reading this newsletter useful and worthwhile for you – please let us know what you liked or disliked and what focus topics interest you in future editions. Please send us an email at [contact@actupool.com](mailto:contact@actupool.com)! Follow us on LinkedIn and Twitter.

## Focus topic

*The Actuaries*

### My life as an actuary

What exactly is an actuary, in which areas do they work and what skills should they have? This issue is dedicated to the exciting profession of an actuary. To provide an overview of the profession, we have summarized in our first article "Actuary - a profession with many opportunities" how and in which fields actuaries work, and we provide tips on how to become an actuary. In three interviews we give an insight into the everyday life of an actuary and talk to Julia Krath, Head of Department Proposition Management bAV at ERGO in Germany, Marcin Krzykowski, Principal at Milliman in Poland and Mária Kamenárová, Risk Manager at Swiss Re in Slovakia. We learn about their careers, their activities, and what challenges they see for actuaries in the future. With these insights into the profession, we hope to inspire many people for the exciting profession of an actuary.

### Actuary - a profession with many opportunities

While everyone can imagine what the profession of a baker or a doctor involves, this is not the case with an actuary. In some countries, the term actuary is even completely unknown, yet this profession offers exciting fields of activity and great career opportunities. This article explains what exactly actuaries are and in which areas they work.

### Interview with Julia Krath, ERGO

In our interview with Julia Krath, Head of Department Proposition Management bAV at ERGO, we talk about her motivation to become an actuary, her career so far and her main tasks in her current position. We also learn that the current challenges for actuaries are mainly the constantly changing framework conditions and environmental factors that actuaries have to deal with.
