

Greetings

Welcome to Part I of our series on building skill sets in times of global disruption, where we explore how actuaries are rising to new challenges across risk, data, and beyond.

Global Disruption – Where Actuarial Skills are Scoring Now (Part I)

From regulatory upheaval to geopolitical tension, the global landscape is shifting fast – and actuaries are stepping up. In this first part of our two-part series, we explore how actuarial skills are driving impact across evolving tax functions, new data demands, and rising risk complexity. Part II will follow in July – don't go away!

Plus: discover YAI Connect, a fresh format created by young actuaries for their peers.

Career Blog

Young Actuaries Initiative

New interactive format: YAI Connect – by Young Actuaries for Young Actuaries

The new YAI Connect format offers tailored insights for young actuaries, supporting targeted skill development. In the pilot on 23 June, speakers from the Society of Young Actuaries in Ireland explore trends in General Insurance and Pensions, such as legal changes, liability, Master Trusts, PRSAs, DB funding, and investment strategies.

Navigating Disruption: What Actuaries Can Learn from Tax Talent Strategies

Tax functions are evolving under regulatory pressure, technological change, and talent shortages – challenges that also affect the actuarial profession. Deloitte's 2025 Tax Transformation Trends report offers valuable insights for actuaries into how tax teams are adapting to this shifting landscape.

The Actuaries

The Data Deluge – Why Actuaries Are Needed Beyond the Insurance Sector

As data becomes central across industries, actuaries are evolving from traditional roles to data-driven strategists, solving complex issues in healthcare, finance, tech, and more. This transformation is not just on the horizon; it's already reshaping the profession.
