actupool Career Newsletter October 2026

Dear Reader,

Welcome to the October edition of the actupool Career Newsletter, where we explore the latest actuarial developments in health insurance and take a look at the importance of mental health.

Health and healthcare are constantly evolving, shaped by changing needs, new technologies, and shifting market conditions. For actuaries, this creates both new questions and new opportunities to contribute their expertise.

In this October edition, we take a closer look at current developments in health and health insurance and bring together actuarial perspectives on the challenges and trends shaping the field today.

Enjoy reading!

Number of the Month

€930

According to the Eurostat report Key figures on European Living Conditions 2026, the average household expenditure on health in the EU was €930 per inhabitant in 2024. Side note: 67.9% of the EU population aged 16 or over perceived their health as very good or good in 2025. By contrast, 8.8% perceived their health as very bad or bad. The remaining 23.3% described their health as fair. [Read more.](#)
